Product

Dimensions

Features

- Designed for ducting
- 3 Speed control
- Soft touch control
- Twin LED lights
- Twin motor
- 2 Metal mesh filter
- 2 year warranty/part & labour

Power Specifications

Voltage: 230V

Power frequency: 50Hz

Total Max Power: 244W

LED Light Power: 2 x 2W

Motor Power: 2 x 120W

Airflow 400m3

Product Dimensions

598mmW x 488mmD x 176mmH

Installation Information

A suitably qualified installer is required. Check product dimensions for correct height before commencing installation. The rangehood has a 1 metre cord with a 10 amp plug fitted. This is a simple plug in connection. Please also ensure the ducting hose is 150mm and no reducer is used as this will restrict the airflow and cause unnecessary noise and vibration. It is recommended the use of semi rigid or rigid ducting not flexi ducting. Improper installation is not covered under warranty.

Dimensions and specifications are a guide only refer to the instruction manual for full instructions. Every effort has been made to ensure this information is correct. However, due to product improvement Daniela Appliances reserves the right to make changes to products without prior notice.
