- Schott ceran glass
- 99 Minute timer
- Stop & go function
- 9 Stage power settings
- Booster function
- Keep warm function
- Auto safety switch off
- Child lock
- Residual heat indicator

### Power Specifications

Output Power: 7200W

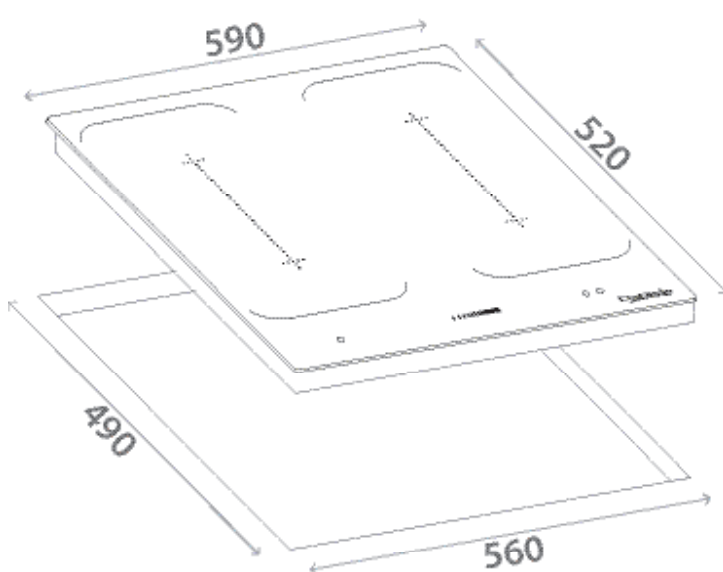

AMP: 30 amp connection

### Product Dimensions

520mmH x 590mmW

### Installation Information

Optimum ventilation will ensure cabinets and oven components to remain cooler and prevent possible overheating of the oven. A suitably qualified installer is required. Check product dimensions before commencing installation. Improper installation is not covered under warranty. The appliance must be used for the purpose for which it was expressly designed. Any other use for example heating rooms or heating coals on burner is considered to be improper and consequently dangerous. The manufacturer declines all responsibility for damage resulting from improper and irresponsible use. **DO NOT USE SILICONE FOR GLASS COOKTOP INSTALLATION.** The built-in oven can be installed below the gas cooktop as long as there is no contact between the bottom of the cooktop and the top of the oven.

Please note:

Dimensions and specifications are a guide only refer to the instruction manual for full instructions. Every effort has been made to ensure this information is correct. However, due to product improvement Daniela Appliances reserves the right to make changes to products without prior notice.
